These rules are binding on all members of the Golf Club and all players until amended as provided. The Board reserves the right to revise or make exceptions to these rules and, if so, notifications will be placed on the notice board.

1. Etiquette:

There are a number of points under etiquette that a member should observe:

- 1.1. Safety: Prior to playing a stroke or making a practice swing, ensure that no one is standing close by or in a position to be hit by the club, ball or any debris that may be moved by the club.
- 1.2. Consideration for other players: The player who has the honour should be allowed to play before his opponent or fellow competitor tees his ball. No one should move, talk or stand close to or directly behind the ball or the hole when a player is addressing the ball or making a stroke. No player should play until the players in front are out of range.
- 1.3. Pace of play: In the interest of all, play without delay. If a player believes his ball may be lost outside a water hazard or out of bounds, he must play a provisional ball to save time. Players searching for a ball should signal the players behind them to pass as soon as it becomes apparent that the ball will not be easily found. Do not search for more than 5 minutes. Do not continue play until the players following have passed and are out of range. When a hole has been completed, players should immediately leave the putting green. If a match fails to keep its place in the field and loses more than one clear hole on the players in front, it should invite the match following to pass.
- 1.4. Bunkers: Before leaving a bunker, a player should fill up and smooth over all divots and footprints he has made.
- 1.5. Repair divots and pitch marks: A player should ensure that any divot he has made on the fairway should be filled with sand. Likewise, any pitch mark he has made on the green should be correctly repaired. The piece of green knocked out by the ball should be thrown away – do not replace it in the pitch mark.
- 1.6. Damage to greens: Players must ensure that they or their caddies do not damage the greens by dropping their bags or the flagsticks on the greens. Players must further ensure that they do not damage the holes when replacing or removing the pins.

2. Slow play:

The golden rule is that you are to keep up with the fourball ahead of you. If you are leading the field, it should take no more than 2 hours and 10 minutes to complete nine holes. Do not linger at the Halfway House for longer than 10 minutes and you should complete the round in 4 hours 30 minutes.
